INSIST ON CALLING A STRIKE

STRONG MINORITY OF BROTHERHOODS TIRE OF DELAY

Leaders Are Alarmed and Fear Cannot Hold Men Without Quick Action

(By Associated Press.)

WASHINGTON, August 23.—Railroad employees' committee showed such marked unrest since the delay in negotiations between the president and railway executives that the leaders of the men are alarmed and openly express fears of their ability to hold them in check much longer. The employees' meeting this afternoon was thrown into an uproar by speeches from the minority demanding immediate action unless the roads accept the president's plan.

The leaders succeeded in adjourning before radical action was taken. Many members of the unions are strongly in favor of an immediate strike, but they were not able to get a vote at today's meeting.

The leaders said that while the pressure of the minority is strong they believed the majority will give the president more time. The men gave free expression to their opinions. They felt the railroads showed a disposition to disregard the sacrifice of the demand for time and one half for overtime. Some urged that the delegates return home, leaving au-

thority with the leaders to call a strike in event the rail executives do not accept the plan.

While the rail executives continued their deliberations the president conferred with Senator Newlands and Representative Adamson regarding a bill to increase the membership of the Interstate Commerce committee by two. Newlands announced he would push the bill.

The possibility of passing an eight hour law was discussed, but no definite program was evolved. It was understood that no action will be taken unless the president's efforts to effect a settlement fail.

The creation of a permanent commission to investigate such controversies was one of the subjects mentioned in the conference. Otherwise no legislation to meet the situation was discussed.

It is definitely understood the railroad executives have decided to act as a unit in handling the present situation. Their program, it was learned, is first to deal with the principle of arbitration and afterward the eight hour day.

There are indications that the railroad presidents are willing to concede the eight hour day on condition that there is definite assurance given that future disputes will be arbitrated.

Eight presidents of important railway systems who have been designated to draft the railroads' reply to President Wilson's appeal that they accept his plan for averting a nation wide strike, were in almost continuous session yesterday and last night without solving their problem.

Although some of the sixty or more presidents are showing a disposition to prolong the negotiations in the hope that the sentiment of business men of the country will be shown to be opposed to the idea of an eight hour day, there was a general feeling that a definite answer to President Wilson's demand cannot be much longer postponed. The president is understood to have indicated that he desired his proposals to be fully debated by the executives, but their conferences among themselves have

SEVEN NATIONS HURLED BACK BY BULGARIA

(By Associated Press.)

LONDON, August 23.—Both allied wings on the Saloniki front, where the soldiers of at least seven nations are in battle, have been bent back by the Bulgarians. In the center, however, where the allies' main force is being made at the entrance to the great Vardar valley, Paris reports important gains.

Nothing is said about the Russian or Italian share in the fighting and no information has been given as to their strength. The Serbians appear to have been the heaviest losers and have been forced back on their extreme left about five miles from the Serbian Greek frontier. They claim, however, continued progress on the other sections of their front.

On the allied right the British and French who had crossed the Struma

towards the Bulgarian frontier have been forced back on the river. On the western front there has been little change. The British continue their efforts to surround Thiepval and report the capture of one hundred yards of German trenches in the direction of Martinpuich. There has been no action of importance on the French sector.

For several days milder Russian reports have insisted that nothing of importance has occurred in the east. Berlin, however, describes very heavy fighting, both on the Stokhod and in the Carpathians. An interesting feature of the Russian official statement is the intimation that the Grand Duke Nicholas again is pressing his offensive in the Caucasus. For the last two days Petrograd has emphasized the fighting around Diarbekr, but no important change has occurred.

PAY FOR THE GUARDSMEN ON BORDER AVAILABLE

(By Associated Press.)

SAN ANTONIO, August 23.—A fund of \$750,000 is made available for the War department to pay state troops on the border. Gen. Funston said there was sufficient to pay all guardsmen including July. The delay was due to failure to pass the army appropriation bill.

BIG CROP YIELD THROUGH GERMANY

Immediately after the ceremony the newlyweds left for the coast, where they will spend a couple of weeks before returning to Tonopah to make their home.

WAITING FOR GREECE AND RUMANIA TO ACT

Allied Countries Watching Minor Nations That Hold What May Prove Balance of Power

(By Associated Press.)

LONDON, August 23.—Developments in the Balkans are prominent in the news and editorial columns of the newspapers this morning. They display keen interest in the landing of Italians at Saloniki, the possible action of the Greek and Rumanian governments and the new Russian offensive developing in Bukovina. According to unofficial dispatches, Russia is pushing ahead with the greatest energy close to the Rumania frontier and has already gained a "glorious success."

No peace overtures will be made by England, declared Lord Robert Cecil minister of war and trade, in the House of Commons in response to questions regarding "peace rumors" and the Balkan situation.

(By Associated Press.)

ROME, August 23.—The Italians are making a strong successful thrust at the Austrian lines in the Alpine region, on the extreme northern front, where they have carried strong positions in the Tofana area in Dolomites and Travenanzes valley.

ROCKED BY A TEMBLOR

(By Associated Press.)

EUREKA, Cal., August 23.—The most violent earthquake since April, 1906, when San Francisco was destroyed, rocked this city and northern Humboldt county this morning, arousing late sleepers, who fled from their homes to the streets, panic stricken. The damage was not material. Two shocks, each lasting several minutes, were felt. The shocks were apparently slight in the southern part of the county.

NAVAL LOSSES TO AUGUST 1

(By Associated Press.)

BERLIN, August 23.—The German admiralty statement asserts the losses of the British and French navies in line of battleships and cruisers to August 1 comprise 72 vessels with a total displacement of 496,000 tons. German losses for the same period were 25 warships with a displacement of 22,000 tons. It is stated that the list of British and French losses include only those definitely established.

SPECIAL INCOME TAX ON ALL SECURITIES

(By Associated Press.)

LONDON, August 23.—Further measures are contemplated by the government to cause mobilization of such Canadian and neutral securities as have not been turned over to the government. Reginald McKenna, in the House of Commons, said it was the intention of his department to apply to Parliament for power to impose an additional income tax of two shillings on all securities not deposited with the treasury.

HAD TO PAY THE BILL

Joe Miller and George Menich were apprehended at Millers yesterday morning charged with beating C. R. Silva of a lodging bill of \$25. The men paid the bill and were allowed to leave.

ENORMOUS LOSS LIFE

(By Associated Press.)

BERLIN, August 23.—Despite determined attacks on many sections of the front in Volhynia, Galicia and the Carpathian regions the Russians have been unable to make gains of ground from the Teutonic forces.

The Russian losses in fighting along the Stokhod, northeast of Kovel particularly, are heavy. A correspondent of the Cologne Gazette on the Russian front says that in the fighting near Horodenka, East Galicia, early in August, the Russians lost 5000 killed, while the total German losses were 80. The Gazette says that if the enemy continues to squander such enormous quantities of ammunition, in addition to suffering heavy losses, final exhaustion is inevitable.

WORLD'S RECORD STEER THROWING

(By Associated Press.)

CHICAGO, August 23.—H. H. Shaffer, Fort Worth, Texas, clipped a second off what is claimed to be the world's record for steer throwing by throwing his animal in eight seconds today at the Chicago round up. Dick Neal, of Montana; Fred Wilson, of Gleichen, Alberta, and Jess Stahl, of Salinas, Cal., were severely injured when trampled by "outlaw" horses at the round up.

INFANTILE PARALYSIS SPREADS IN WINTER

(By Associated Press.)

NEW YORK, August 23.—Contrary to general opinion, Health Commissioner Emerson said there was no reason to believe hot weather increases the spread of infantile paralysis. He said heat would hasten the deaths of children critically ill and declared one of the worst epidemics in Norway occurred in the dead of winter. Record breaking heat today failed to spread the epidemic. Only a slight gain is shown in the number of deaths and new cases. Today 42 died and 131 were stricken.

GOV. HUGHES IN RENO TO SPEND THE DAY

Refreshed and Improved By Night's Rest, the Nominee Makes Two Speeches

(Special to the Bonanza.)

RENO, August 23.—This is Nevada day in Reno, in honor of the next president of the United States, Chas. E. Hughes. Reno is aflame with Stars and Stripes and decorations. All business houses are decorated and it is estimated that 20,000 persons are here to hear Hughes, who speaks this afternoon and evening.

Gov. Charles Evans Hughes, refreshed by a night's sleep, arrived for a day of parades, barbecues, receptions and speechmaking, and departs tonight for Ogden. He was met at the station by a brass band and a squad of cowboys and cowgirls.

who escorted him to his hotel. After breakfast, Mr. and Mrs. Hughes went automobiling about the city. At noon he received a large delegation of the Nevada Woman's party, after which he headed an automobile parade through the city that ended at a little park, where he made his first speech. The second speech will probably be tonight at the Majestic theater.

Everything today is Hughes in Reno. Lifelong Democrats, who have voted the Democratic ticket, say, "Never again. We are for Hughes, last, last and all the time." Gallon people came in autos 500 strong.

TURKS DRIVEN OFF THE COAST

(By Associated Press.)

PETROGRAD, August 23.—The offensive undertaken by the Turks along the Armenian Black Sea coast was stopped today and the Turks driven back with the aid of the Russian fleet.

The Germans resumed the offensive south of Brody, where the Russians attempting to approach Lemberg from the northeast were repulsed. The Russians captured two heights on the Hungarian front.

(By Associated Press.)

BOSTON, August 23.—Receivership for the Boston & Maine railroad, which operates in the four northern New England states and Canada, was asked for in a bill in equity filed in the federal court here today. This action was taken with the consent of the road's directors.

The directors, who for two years have been trying to reorganize the system, met today to consider payment of \$13,500,000 of indebtedness falling due August 31. They decided they had "reached the end of their rope," in the words of one of their number.

GAIN A FOOTHOLD AND DRIVEN OUT

(By Associated Press.)

PARIS, August 23.—Germans attacking the French lines south of Estrees, on the Somme front, have gained a foothold at some points in the trenches captured by the French on August 21. The attack in the Estrees region was launched after intense artillery preparations. North of Somme the Germans violently bombarded the French first line.

In two heavy assaults on positions the British won south of Thiepval, on the Somme front, last night, the Germans made a gain in their footing, but were driven out.
